CREATING A TECH FRIENDLY ENVIRONMENT

- We don’t have to force our teachers and students to use technology, but we do have to enable them to use it.

WHAT WILL OUR FUTURE STUDENTS EXPECT?

WHAT WILL OUR FUTURE STUDENTS EXPECT?

By the end of this year 39% of the population will be internet users.

That's more than double since 2006.

DIGITAL ENVIRONMENTS

THE CLASSROOM

- Broadband - Wifi
- Data projector
- Tablet/laptop
- Driven by communication

CREATING A TECH FRIENDLY ENVIRONMENT

- We are supposed to have a plan B for when things go wrong, but the causes of technology failure are largely due to misplaced investment not bad planning.

SOLE

- “My wish is to help design the future of learning by supporting children all over the world to tap into their innate sense of wonder and work together. Help me build the School in the Cloud, […] where children can embark on intellectual adventures by engaging and connecting with information and mentoring online.”
